

Dear Parents

MyBishopsLife is our online portal.

Parents need to register for their access to this portal. It is a secure area designed to develop a partnership between home and school and to enable parents to support their children during their academic studies.

This portal provides access to your son's timetable, teachers, reports and rolling average of live marks. It is important to note that you only can gain access to this portal once your son is a current student i.e his enrolment year matches the current year.

Students have their own access to this portal - this is demonstrated in our Laptop Orientation to new boys on the day before school starts, where he will be able to see his timetable and class details.
